

Your Safety Matters

Foróige Has Your Back.

This space has a Child Safeguarding Statement that explains how we keep young people safe.

Every young person has the right to feel safe in Foróige.

Who can I talk to?

The Person for Child Safeguarding here is:

How do we keep young people safe?

Foróige staff and volunteers are here to listen, support, and take action if needed.

This space also has a Foróige Safe Space Checklist – just ask to see it.

If you're worried about something... it's never your fault if something isn't right.

If someone is hurting you, or you're worried about a friend, talk to someone who works here or tell an adult you trust.
