Welcome to our Media Kit

As Ireland's leading and largest youth organisation, we have a lot going on and much of that activity is of interest to the media. Each year Foróige is mentioned more than 3,000 times in newspapers across Ireland. Due the diverse range of services being provided by Foróige, we also feature in the broadcast media dozens of times throughout the year. We would like to sincerely thank Irish media outlets for helping us to promote the great work being carried out by staff and volunteers.
