

Foróige NFTE Summer Design Challenge

July 13th 2020 - August 7th 2020

NETWORK
FOR TEACHING
ENTREPRENEURSHIP

Design Challenge

The Foróige NFTE Summer Design Challenge is centered around solving problems facing our society using an entrepreneurial mindset.

Participants are asked to develop an idea for a product, service or innovation that will help solve an issue facing our society either locally, nationally or globally.

There are prizes in three categories, each focused on a different area:

- Health & Well-Being
- The Environment
- Equality

CLOSING DATE FOR ENTRIES AUGUST 7TH 2020

How To Take Part

Ask your parent/guardian to complete [the consent form](#). Talk to your youth worker or contact Angela (contact details below) about the kinds of issues that might be relevant in each area.

Pick an issue and create a new solution that solves the problem. This can be created using a digital platform (like Blender, TinkerCAD, Google Drawings, Pixlr, Scratch, etc.) or can be a physical product/prototype created using found/recycled materials within the home.

Email the image(s) or video to angela.oconnell@foroige.ie using the subject line Foróige NFTE Summer Design Challenge.

You must add a short description of your solution that includes the following:

- A brief description of the product/service/innovation
- What issue it helps solve
- How it will work/help solve the issue

Participants working in teams must explain how the team worked together.

For more info, additional resources or for queries please contact Angela at angela.oconnell@foroige.ie or on 086 4681829
